Federation Of Engineering Institution of Islamic Countries (FEIIC)

About ICEC

The Institution of Engineers Pakistan and NED University of Engineering and Technology, Karachi regularly host the International Civil Engineering Conference (ICEC). It has been regularly held for about two decades. There have previously been twelve international conferences. Every year, the ICEC is organised with a fresh focus on modern problems involving civil engineering and socioeconomics of the society. The most recent ICEC was conducted in Karachi on May 13 and 14, 2022. In conjunction with Pakistan's NED International Alumni Network Association, The Asian Civil Engineering Coordinating Council, Federation of Engineering Institutions of Islamic Countries, Federation of Engineering Institutions of South and Central Asia, Association of Consulting Engineer Pakistan, Sir Syed University of Engineering & Technology-Karachi Baluchistan University of Engineering & Technology-Khuzdar, Baluchistan University of Information Technology Engineering & Management-Quetta, Mehran University of Engineering & Technology-Jamshoro and Qaid-e-Awam University of Engineering Science & Technology-Nawabshah. The theme of the conference was "Integrating Technology in Civil Engineering". Many delegates from academia and industry attended the conference both physically and online. In order to bridge the gap between academia and industry and discuss current engineering methods, difficulties faced by the industry, and prospective solutions in conjunction with academia, famous industry experts and consultants are also invited to speak at the ICEC. The 13th International Civil Engineering conference is being organized under the theme of "Creating Global Partnerships for Sustainable Development through Civil Engineering. Civil engineers can use research and innovation to implement new, sustainable techniques that reduce emissions throughout a project and increase the lifespan of existing structures, saving money on repairs and reconstruction. The Conference will be held on Friday 10th & Saturday 11th November, 2022 organized by The Institution of Engineers Pakistan, NED University of Engineering & Technology, Karachi and NED International Alumni Network Association-Pakistan in collaboration with The Asian Civil Engineering Coordinating Council, Federation of Engineering Institution of Islamic Countries, Federation of Engineering Institutions of South & Central Asia, Sir Syed University of Engineering & Technology-Karachi Baluchistan University of Engineering & Technology-Khuzdar, Baluchistan, University of Information Technology Engineering & Management Sciences-Quetta. The conference will be held hybrid mode. Limited attendees will be invited to attend in person at the Department of Civil Engineering's video conference hall, and the conference may be held in hybrid mode. To ensure greatest exposure and attendance, the event will be broadcast live as a ZOOM webinar.

The Institution of Engineers Pakistan (IEP)

1948 saw the founding of the Institute of Engineers Pakistan (IEP). It is the foremost national organization of engineers dedicated to the development of the engineering profession. Its main office is in Lahore, and it also has centers there and in Bahrain, Riyadh, Saudi Arabia, and the Tri-States (New Jersey, New York, and Connecticut). With more than 40 professional engineering organizations worldwide, IEP has inked technical partnership agreements. IEP also enjoys the privilege of representing Pakistan at six international and regional engineering bodies. The largest IEP Center is in Karachi, Pakistan. International Civil Engineering Conferences have been held by the Karachi Center for twenty years. Twelve conferences have been organized, with the 12th taking place in 2022. The Thirteenth International Civil Engineering Conference, which will take place over two days, is being organized by the NED University of Engineering & Technology in Karachi and the IEP Karachi Centre.

NED University of Engineering & Technology Karachi

Pakistan's oldest engineering school is NED University. It provides programmes leading to bachelor's, master's, and doctoral degrees. The university is renowned for putting forth top-notch graduates and for serving the country. In terms of higher education and scientific research, it has become a centre of excellence in Pakistan. The institution has worked consistently throughout the years to support faculty development, as well as creativity and innovation, and these are the outcomes. Every year, a number of seminars and conferences are offered that give students access to real-world experiences as well as a venue for fostering industry-academia collaboration.

13th ICEC 2023 Conference Proceedings Publications

Conference Proceedings will be published by MDPI - Switzerland

The organizers are very glad to inform to the contributors that the 12th ICEC proceedings will be published by MDPI PUBLISHER in their journal titled "ENGINEERING PROCEEDINGS". Multidisciplinary Digital Publishing Institute (MDPI) is an international publisher of the excellent reputation. Further details regarding the journal can be found at MDPI website.

CONFERENCE TRACKS

A Conference encompasses all areas of Civil Engineering, including(but not limited to) following:

About Karachi

Located on Sindh Province's southern coast near to the Arabian Sea, Karachi is a thriving metropolis with a population of over 20 million. Many industrial zones, an international airport, two seaports, and connections by rail and road to the rest of Pakistan make it the nation's commercial and industrial centre. Karachi is a significant centre for higher education in South Asia and the Muslim world, with a number of prominent universities situated there. The city is teeming with unexpected shopping delights, enticing sights, and the sounds of incredible deals. Several stores, restaurants, and hotels accept credit cards. Greenwich Time (GMT) is five hours ahead in Pakistan. 220-240 volts make up the electrical supply.
